Imagine the Impossible...Dance Workshop
P. O. Box 192094

Dear Mary,

Thank you so much for inviting me to your special presentation recently. It was just wonderful. Watching the children and how they respond and participate was very touching. You can see the pride and self confidence in each one of them. I am so pleased that we are helping to fund this program and hope that we can continue that relationship in the future.

I congratulate you on the success of your program to date and wish you, and the artists who are working with you, all the best.

With admiration for your spirit and the work you do,

Betty W. Switzer
